

- Fabric Duct

- Evaporator Coils
- Air Handlers
- Gas Unit Heaters

AIRSYS

- Server room DX Systems

- RTU's
- Air Handlers
- Condensing Units
- Heat pumps

AMANA

- PTAC
- VTAC

- MUA

AprilAire

- Humidification
- Filtration

- Wall Mount A/C's

- Electric Heaters

BROAN

- Exhaust Fans

- Expansion tanks
- Hydraulic Separators
- Condensate Neutralizers

- DOAS
- MUA
- Kitchen Systems

CARNES

- Humidifiers

- VRF Controls
- VRF to BAS integration

- Process Chillers

- PTAC
- VTAC

- PTAC
- VTAC

- Cooling Towers

Honeywell

- Controls

- Geothermal Units - Water to air
- Geothermal Units - Water to Water
- Water to Air Rooftop Units

- Single package vertical units

- VRF Systems
- Ductless systems

Available in IA only

- Hydronic tubing and accessories

- Tankless Hot Water Heaters

- Gas Detection Systems

- Complete building control solutions
- ERV
- HRV
- DOAS

- HVLS Destrati cation Fans

REZNOR

- Gas unit heaters
- Hydronic Unit Heaters
- Makeup Air Units

- Gas Detection Systems
- Wet & Dry Pressure Controls
- Energy Metering & CT's
- Current Switches & Relays

SIEMENS

- VFD's
- Controls
- Control Valves
- Damper actuators

- Grills
- Registers
- Diffusers

- Galvanized pipe, duct, & fittings

- Exhaust Fans

- Radiant heating solutions

- Pumps
- Hydronics controls
- Hydronic Accessories

THERMOLEC

- Duct Heaters
- Electric Makeup air
- Electric Boilers

- Dampers
- Louvers

- Air Handlers 800 CFM to 38,000 CFM
- Hydronic Unit Heaters
- Air Curtains

- High efficiency up to 3000 MBH
- Cast Iron Steam and hot water up to 8,400MBH

- Zoning solutions

Gustave A. Larson's commercial team is a fully-functional commercial construction rep firm. We're ready and able to provide the equipment, engineering design, project management, solutions and services that will contribute to the success of any project, large or small.
